GERMAN SHIP TIES UP AT NEW LONDON

New London, Conn., Aug. 25.—The German steamer Wilhelm, which was interned at Boston at the outbreak of the European war and sailed from Boston yesterday by way of Cape Cod canal, arrived here this morning. Heavy fog held up the steamer during the night, but the weather cleared at daybreak and the Wilhelm proceeded here and came directly up the harbor to the new state pier, on which are new storage sheds of the Eastern Forwarding company, the American agents for the German line of submarine merchantmen.

She is expected to tie up here for an indefinite period.

GERMANY'S SUGAR CROP. Berlin, Aug. 25, by wireless to Say- ville.—Germany's sugar production this year will exceed that of 1915, according to statistics now avail- able, by about 300,000 tons. The yield indicated is between 1,700,000 and 1,800,000 tons.

FRISCO ROAD TO ISSUE MORE BONDS

Jefferson City, Mo., Aug. 25.—The state public service corporation, upon application by the railroads, granted authority here today for the St. Louis and San Francisco railroad company to issue bonds totaling \$194,138-316 preferred stock to the amount of \$9,452,026 and common stock aggregating \$48,000,000. The application stated the road would have outstanding on June 2, 1917, in addition to those authorized today, obligations totaling \$321,674,886.

DEUTSCHLAND TO MAKE ANOTHER TRIP

Berlin, Aug. 25, by wireless to Say-ville.—Preparations for another voyage of the submarine Deutschland to the United States are well being way. Freight is being received for this trip. The amount of cargo now ready is larger than had been expected, the Overseas News Agency says. All the members of the crew have expressed readiness to sign for the next voyage.

TRIBUTE TO MEN WHO BRAVED DEATH

Washington, Aug. 25.—In an official statement today the navy department paid tribute to the valor of the fire and engine room crews of the destroyer Terry who braved death to save their ship when she struck a reef on the Dominican coast several months ago.

The Terry finally went down in shoal water but will be raised and brought to Norfolk navy yard for repairs.

Secretary Daniels has written letters of commendation to John J. Kenney and Frank E. Shute, chief machinist's mates, Michael Grimes, chief water tender, and Curt McAvoy, fireman. Kenney and Shute, in charge of the engines, stayed at their posts as

SEARCH FOR WIFE MURDERER ENDS

Waxahachie, Texas, Aug. 25.—Search for Ollie Beaupre which has extended from this country into the French trenches in the European war, ended yesterday when he was arrested in Los Angeles, according to despatches received by Sheriff Dearborne today.

Beaupre was out on bond of \$25,000 pending appeal of his 25 year sentence for the murder of his wife in Dallas several years ago. The case was transferred from Dallas on a change of venue. He disappeared after an appeal and his case and been reversed.

AWAITING NEWS OF WAR GAME

Theoretical Battle Cannot Be
Long Delayed Between Blue
and Red Fleets.

Washington, Aug. 25.—Naval officers looked today for news that a battle had occurred between the two fleets participating in a war game in the Atlantic and that a number of casualties had occurred. Anticipating that mythical dead and wounded were being hurried to land from Rear Admiral Helm "blue" defending fleet, naval hospitals at New York, Boston, Newport, Philadelphia and Norfolk were advised to make preparations for receiving and treating patients. The location of the theoretical battle with Admiral Mayo's "red" fleet would determine which hospital station was to be taxed most severely.

Navy officers explained today that hypothetical disasters such as the destruction of storage oil tanks at Narragansett yesterday and of supplies at Sewall Point, Hampton Roads, Wednesday, are decreed by the navy department for their own tactical exercise.

Battle Imminent.
Movements of the two fleets were not disclosed today but the positions of the scouts indicate a battle cannot long be delayed. Navy officials were inclined today to believe that an intercepted message picked up yesterday saying the invading transports had been sighted was a decoy sent out by Admiral Mayo. Nothing tending to confirm the reported sighting of the transports was found in later messages reaching the department.

Admiral Helm also has called for ammunition including torpedoes and supplies to be delivered within a given time from the various stations and ammunition depots along the Atlantic coast.

The officers in charge of these depots must find actual facilities for the transportation of the supplies and report to the department.

At the conclusion of the war game the Atlantic game will go to the southern drill grounds for the regular September target practice.

OWEN RENEWS SENATE FIGHT

Senator Demands That Cor-
rupt Practices Bill Be Con-
sidered at This Session.

Washington, Aug. 25.—Renewal of Senator Owen's fight for consideration at this session of his corrupt practices bill has ruffled the composure of the Democratic legislative program today. The senator, by insisting again yesterday on speedy corrupt practices legislation, threatened to delay adjournment of congress and precipitated a heated exchange between Republicans and Democrats of charges that each party had raised huge campaign funds for use in the coming elections.

It was problematical whether the prospective crystallization of a party issue in the corrupt practices bill might induce some Democrats who heretofore had intended to oppose action on the measure at this session, to revise their attitude. Senator Owen said he would make a motion to call up his bill after the revenue bill was disposed of and the test will come then.

In connection with his plea for action on his bill, Senator Owen declared the existing corruption law was a fraud upon the American people; accused Senate Republicans of deliberately trying to defeat his measure, and charged that the so-called lumber trust had sent \$40,000 into Oklahoma to defeat his renomination because he voted to deny William Lorimer a seat in the senate.

EAGLES' LODGE HAS A NEW SECRETARY

Claude A. Hensley was elected secretary of F. O. Eagles Wednesday evening, to fill vacancy created by the resignation of G. F. Roach.

Mr. Hensley, while a young member of Ogden Aerie 118, has made a host of friends. He is one who is liked by all who know him and is efficient in accounting and book-keeping.

It was a hard task for the officers and the members to select a man suitable for the position owing to the increased work due to the erection of a new home and heavy increase in the membership. After a long period of canvassing, Mr. Hensley was chosen and elected by a large majority which only went to prove he was their choice.

Mr. Hensley has worked in Superintendent Rowland's office of the Southern Pacific company for the past three and a half years and has resigned to accept his new position on September 1st.

FRED YOCKEY IS TAKEN TO PROVO

Fred Yockey, who was brought to the sheriff's office Wednesday in a demented condition, was taken to the state mental hospital at Provo yesterday afternoon by Patrolman Will Richardson.

Mrs. Yockey accompanied her husband and the officer. The trip was made by automobile.

CANNOT PIERCE GERMAN LINES

London, Aug. 24.—The allies made another great effort on the Somme today and scored further important local successes on both the French and British fronts north of the river. In a dashling action the French seized all the ground in Maurepas that remained in the hands of the Germans and broke forward for a distance of more than 200 yards beyond on a front of a mile and a quarter.

The British continued to close in upon Thiepval until tonight they are almost in the edges of the village. They carried a German trench 400 yards long, advancing a further 300 yards. Pressing forward from the south, they now practically control the town, which is surrounded on three sides.

Battle Front Extended.
Even more complete, however, than today's gains of terrain, is the news reaching here from Paris tonight that the Somme battle front is being extended far to the southward. For a distance of more than thirty miles south of Estrees, the present extremity of the front of attack, the French artillery opened up a tremendous bombardment of the German lines, the big gun fire reaching as far as Lassigny. The artillery action is said to forecast a new infantry drive against positions not so strongly held as those on the Somme are now.

The trail of fire extends along a line from Vermandovillers through the regions of Chaulnes and Roye to Lassigny. The German air corps is reported extremely active in endeavoring to scout out the French artillery positions.

Maneuver Expected.
Military experts have expected for some time an extension of the present battle line, especially in view of the fact that the Germans have brought up reserves of men and machinery so great as to render the piercing of their front north of the Somme almost impossible.

NINE HURT IN AIRSHIP RAID

Six Hostile Airships Attack
East and Southeast Coasts
of England.

FATAL INJURIES

Zeppelin Appears Off Thames
Estuary, Causing Great Ex-
citement in London.

London, Aug. 25, 1:25 a. m.—Details of the raid of hostile airships, which crossed the east and southeast coasts of England, between midnight and 3 o'clock this morning, as disclosed by the official statement of the war office, show that nine persons are reported to have been injured, some mortally. Other damage effected by the raiders is declared to have been slight.

The announcement says:
"Six hostile airships raided the east and southeast coasts of England last night, at intervals between midnight and 3 o'clock this morning. One airship made her way westward well inland. The remainder of the fleet carried out short incursions over the coast. The number of bombs dropped by the raiders has not yet been ascertained. Several bombs are reported to have been directed at ships at sea. The damage effected by the raid was slight."

"In one locality a railway station and some houses were damaged, and two horses killed. At another point two houses were wrecked."

"The total casualties have not yet been reported. To date nine persons are reported injured, some fatally."

Anti-Aircraft Guns.
"Anti-aircraft guns came into action at certain points both on land and from ships at sea. Some of our aircraft went up in pursuit. One aeroplane succeeded in firing on a raider at close range, but she eluded her pursuers in the clouds. A further report will follow."

Three persons were killed and several injured by a Zeppelin which dropped a large number of bombs in the neighborhood of a town on the southeast coast of England early today, says a dispatch to the Exchange Telegraph company. Several houses were damaged. At another place on the southeast coast many bombs were dropped. One fell into a railway station yard and demolished some railings, while another bomb completely wrecked a dairy nearby.

A Central News dispatch says there was great excitement in a town on the Thames estuary at 1 o'clock this morning, when news was received of the approach of a Zeppelin. Mist obscured the raider, but it could be seen approaching from the coast. After hovering over the town for some time it passed toward the west. Shortly afterward a series of violent explosions, followed by cannonading shook the buildings and lighted the sky.

LIQUOR SMUGGLERS KILL U. S. AGENT

Lynchburg, Va., Aug. 25.—In an encounter with alleged liquor smugglers yesterday just across the North Carolina boundary from Stuart, Va., Revenue Agent B. H. Bays was shot and probably fatally wounded and William Smith, one of the alleged smugglers, was also shot. James and Fletcher Smith, nephews of the wounded man escaped unhurt.

The officers trailed a wagonload of liquor to the home of William Smith and when ordered to surrender he opened fire. Mays was shot in the abdomen. Deputy Ross returned the fire and struck the elder Smith in the abdomen. Fletcher Smith shot Mays in the shoulder.

COLLEGE TO TAKE PART IN PARADE

The Utah Agricultural college is to be represented in the big Saturday morning parade of the Ogden 1916 Harvest Festival and Fashion Show, according to an announcement made at the show headquarters in the Weber club today. A report from the college authorities for a place in the parade was made to the directors this morning by F. E. Shurtliff and J. J. Andrews and was immediately granted. It is anticipated and promised that the college float will be one of the largest and most interesting that has ever been built in the state.

Extra energy is now being displayed by the baby show committee, which is to stage its part of the festival program on Friday afternoon, Sept. 8, in City Hall park. The committee, composed of Frank M. Driggs, Judge A. G. Horn, Mrs. J. R. Cooper and Mrs. J. M. Canse, has begun the mailing of approximately 1500 letters to Ogden mothers, urging them to enter their young hopefuls in the contest for the numerous prizes. Assurance has been virtually given that 500 babies will be in their carriages at the park, when the judges begin their task and it is probable, according to the committee, that an even larger number may be in the exhibit.

W. A. Bertke, the construction expert of the barbecue committee, is superintending the erection of the immense ovens and kettles for the roasting of the steers and potatoes, and the boiling of the corn for the big festival barbecue. The kettle will be ready for use by tomorrow, and the ovens will be ready for the gas attachments, early next week. Carpenters will begin the building of the tables Tuesday morning, Sept. 5, and all of the supplies for the feast will be on hand two days later.

FARNUM- FIGHTS IN GREAT PICTURE AT ORPHEUM SUNDAY

Manager Goss of the Orpheum announces his first big William Fox picture of the season opening at the Orpheum for three days beginning Sunday night, William Farnum, America's greatest star, appears in the leading role. "The End of the Trail" is the picture, and it is a story of the great Northwest, which gives Mr. Farnum many chances to display his rugged strength and fighting qualities. Salt Lake papers say it's a great picture and better than the average photoplay of today.—Adv.

JOSEPH DRYSDALE JOINS UTAH GUARDS

Joseph Drysdale, youngest son of James Drysdale, 2383 Quincy avenue, left Ogden last Tuesday, August 22, to join the Utah guards for duty on the Mexican border. The young man has been employed for some time as elevator boy in the Lewis block. A division of the guards with which the young man is enlisted, leaves Fort Douglas tomorrow for the south.

LITTLE GIRL RUNS TO MEET HUGHES

Salt Lake, Aug. 25.—Two secret service men accompanying Charles E. Hughes, four city detectives and two uniformed officers, to say nothing of the reception committees and the crowd at the Oregon Short Line station could not keep the Republican nominee for president from doing just as he wanted to. The same number of officers and men could not keep Mrs. Hughes from taking part in the work which Mr. Hughes took it in his mind to do.

As the party was coming up the concrete runway from the platform to the station a 6-year-old girl, Mary Jensen of Logan, was waiting with her mother to take a train to the north. When Mr. Hughes and those surrounding him got to the top of the runway the little girl broke from her mother and started running through the crowd towards Mr. Hughes. He saw her and stopped. The secret service men urged him to move, as did the committee.

"Just a moment, just a moment," said Mr. Hughes. "What's your name? Mary Jensen. Well, Mary, I hope you will be a good Republican and I thank you for wishing me success."
